

FREE TEACHER CPD KS2 COMPUTER SCIENCE SESSION

THE AIMS ARE:-

To know what computational thinking is and why teaching this will be as important as teaching English and Maths

To feel more confident about teaching computer science and empowered to continue your personal CPD journey

To know that computer science concepts can be taught across the curriculum

To understand the link between computational thinking and programming

To know where to find and access the FREE Barefoot resources

To share your new knowledge with peers

“Barefoot” is part of The National Computing at Schools Network.

Please bring a laptop for the workshop.
