Social Media

“Girls & boys learn a lot from working together, also help prepare for the real world after school”

Stakeholder

The School's vision

Marking a significant step forward in its 500-year history, The Crypt School proposes to admit girls into Year 7 from September 2018 with the aim to become fully co-educational by 2023. It will be a school where boys and girls work and collaborate together with the ambition that they will together achieve highly and progress to become successful, caring and considerate role models in their future lives. With our extended industry partners, both girls and boys will have exceptional opportunities to excel in Science, Technology and Maths, as well as in subjects such as Modern Foreign Languages, the Humanities and creative subjects such as Art and Design. There will be no barriers to what they can achieve.

As part of our vision for the future, we also plan to create a primary school on our site where local boys and girls will be able to access the highest quality of education available. We strongly believe that this vision of a co-educational selective school, will be truly transformative to the life chances of local children, as well as other children from the City, and region.

“I'm pleased to see the movement into co-education”

Parent (2016)

“Teachers are always hear for you”

Student OFSTED (2012)

“Students of schools transitioned into co-education obtain higher grades”

The Crypt School's Co-Educational Entry

Progress Update February 2017

Message from the School & Governors

The School and the Governing board would like to thank every stakeholder who contributed to our consultation for a co-educational intake in 2018.

Co-Educational Open Day 22nd March '17

We look forward to welcoming your sons and daughters on Wednesday 22nd March 2017 for a taster of the many exciting opportunities the School has to offer.

Guided Tours: 10am and 2pm
Open Evening: 5:30pm until 8pm

Please contact the school office to book a time.

Consultation Update

Following our consultation on admitting girls into the School into Year 7 in September 2018, the Governors are delighted to announce that they have unanimously approved this change in the status of the School. The admission policies have now been changed. We plan for the first cohort of girls and boys to join the School in September 2018.
